Berkel Introduces New Food Processor

Food Processors - Three Models

Designed for restaurants and institutions, the Berkel line of Food Processors quickly and easily slices, dices, shreds, chops and blends a variety of products in minimal time. There is the [C32](#), a pass through type food processor, the [B32](#), a 3.2 quart bowl cutter/mixer and the [CC34](#) combo unit that combines all the features of the [B32](#) and the [C32](#) into one easy to use, compact unit. And for larger operations, the [VCM 44A/I](#), is a 44 quart vertical cutter mixer.

Maybe food processors aren't on tap for you. Well take a shot at selling some ice cold adult recreational beverages. How about beer dispensed at 32 degrees or vodka shooters at 5 degrees. Call us and we will be glad to tell you all about it, to the what else. The 10th degree of course. Ha...
